## PROFILE

Experienced in social media marketing and promotion, with a background in teaching and volunteer web development. Proficient in C#, HTML & CSS, JavaScript, and Java. Founder & President of GAME, a successful student organisation representing students, with expertise in event and project management, boasting a portfolio of successful events. Always seeking opportunities to improve and learn, while also contributing to research and development.

## WORK EXPERIENCE

### Computer Lab Technician

University of Agder (UiA) 07/2023 - Present Grimstad, Norway

As a Computer Lab Technician, my role revolves around ensuring the smooth operation of the esports lab. This involves maintaining and repairing hardware and software systems, as well as managing inventory to ensure optimal functionality for users.

### Teaching Assistant

University of Agder (UiA) 01/2023 - Present Grimstad, Norway

Serving as a Teaching Assistant within the Academic Esports Bachelor, offering feedback, overseeing student-run events, and supporting teachers as needed.

### Social Media & Promo Manager

University of Agder (UiA) 12/2022 - Present Grimstad, Norway

Managing social media and promotional efforts for the Academic Esports Bachelor program, enhancing online presence, engagement, and event coordination.

### Corporate Intern

Gard AS 03/2024 - 07/2024 Arendal, Norway

As a Corporate Intern, I am involved in planning, organising, and executing events, while also assisting with customer experience initiatives related to our projects. My role includes coordinating various aspects of event management and ensuring client satisfaction through effective communication and support.

### Research Assistant

University of Agder (UiA) 01/2024 - 07/2024 Grimstad, Norway

Contributing to the research, design, and development of an educational game aimed at supporting new university students, as part of an Erasmus funded project and collaborative team effort.

### Wordpress Developer

Diversify 03/2022 - 01/2023 Oslo, Norway

Managed website maintenance for Diversify, overseeing the upkeep of multiple websites and contributing to the creation of six new sites under the organisation's brand.

### Volunteer Wordpress Developer - Remote

Spring ACT 02/2022 - 01/2023 Bern, Switzerland

Led the team in developing the organisation's website, focusing on optimising SEO to enhance online visibility and advance its mission of connecting human rights and technology for social empowerment.
